SEASIDE HARMONY

The most tranquil of our four trend themes was inspired by the colors of the coastline: sea glass greens, warm white beach sand, and the peaches and soft blues of the ocean sky at sunset. The style is a fusion of streamlined modern and casual elements, softened with tarnished metals, waxed woods and cotton knits.

A cool aqua blue, called Ocean Liner, is the main wall color in the dining room. Sky Blue accents window alcoves, and Miami Peach colors the ceiling. The warm off white, Miami Weiss, adorns the trim in both dining and living room.

The ambiance of the living room feels inviting, relaxed and breezy, using South Peach on the walls and Sky Blue on the ceiling. The deeper blue and green colors of Ocean Liner and Edgewater are used as accents on the throws, pillows and artwork.
