Unable to add handler to
supervisord for logrotate I'm
trying to add a handler to my

supervisor-managed
logrotate config files for if
the process exits with a non
zero status due to other
miscellaneous conditions.
The config file I'm trying to
logrotate looks like this:

```
[program:python]  
command=python script.py  
directory=/home/user/works  
pace/proj/lib logfile=/var/lo
```

```
g/supervisord/py.log
logfile_maxbytes=1MB
logfile_backups=10
stdout_logfile=stdout.log
stderr_logfile=stderr.log
stopasgroup=true
```

However,
I've been unable to get
supervisor to recognize the
logrotate package and
recognize the
logrotate_script option for

the handler. Here's what I'm using to configure supervisor and the logrotate configuration:

```
[supervisord]  
logfile=/var/log/supervisord/  
supervisord.log pidfile=/var/  
run/supervisord.pid  
nodaemon=true [loggers] ke  
ys=root,proj.lib.work,proj.li  
b,proj,proj.lib.work.settings,  
proj.lib.work.logging
```

```
[handlers] keys=console,supervisor-access [formatters]
keys=generic,simple,full
[loggers.supervisor-access]
level=DEBUG
qualname=supervisor
handlers=supervisor-access
[formatter.generic]
format=%(asctime)s
[% (name)s] %(levelname)s
%(message)s
```

[formatter.simple]
format=%(levelname)s
%(message)s [formatter.full]
format=%(asctime)s
%(levelname)s %(name)s
%(message)s
[handler.supervisor-access]
class=supervisor.hand
